# INTERSTATE TRUCK & TRACTOR PULLERS

SECURING THE STAGING AREA

Below is a diagram of a typical   track with
ideas on how to secure the staging area.

CROWD CONTROL FENCE
- -

STARTING LINE ___ FT   EDGE OF TRACK

| STAGING AREA | | PULLING TRACK | SHUT DOWN AREA | NOTE LOCATION OF WALL BARRIER IF APPLICABLE |
| ___ FT | 30 FT | 300 FT | ___ FT | |

EDGE OF TRACK ___ FT

- -
CROWD CONTROL FENCE

The variable "a" in the diagram represents the Security person
(perhaps uniformed) that will check "hot pit area" armbands. Leave
a twenty (20) foot opening with rope and the security person.

REGULAR ARMBAND COLOR:_____quantity_____

HOT PIT AREA ARMBAND COLOR:_____quantity_____
